Overview and Operation Plans

The Company, through its subsidiaries, is engaged in the development and operation of City of Dreams Manila, an integrated hotel, gaming, retail and entertainment complex within the Entertainment City. The Company’s subsidiaries, MPHIL Holdings No. 1 Corporation (“**MPHIL Holdings No. 1**”), MPHIL Holdings No. 2 Corporation (“**MPHIL Holdings No. 2**”), and Melco Resorts Leisure (PHP) Corporation (“**Melco Resorts Leisure**”) (MPHIL Holdings No. 1, MPHIL Holdings No. 2 and Melco Resorts Leisure are collectively referred to as the “**MPHIL Holdings Group**”), together with SM Investments Corporation (“**SMIC**”), Belle Corporation (“**Belle**”) and PremiumLeisure and Amusement, Inc. (“**PLAI**”) (SMIC, Belle and PLAI are collectively referred to as the “**Philippine Parties**”) (MPHIL Holdings Group and the Philippine Parties are collectively referred to as the “**Licensees**”), are the holders of the regular license issued by the Philippine Amusement and Gaming Corporation (“**PAGCOR**”) for the development of City of Dreams Manila (the “**Regular License**”).

The Company is an indirect subsidiary of Melco Resorts & Entertainment Limited (“**Melco**”), a developer, owner and operator of casino gaming and entertainment casino resort facilities in Asia and Europe with its American Depositary Shares traded on the NASDAQ Global Select Market in the United States of America. The Group, through Melco Resorts Leisure, is responsible for the management and operation of City of Dreams Manila and its fit-out, including furniture, fixtures and equipment (including gaming equipment), as well as working capital expenses, non-real property improvements and personal property. Belle was responsible for provision of the land and building structures of City of Dreams Manila, including maintenance of the land where City of Dreams Manila is located.

Prior to May 2016, the ultimate holding company of MRP was Melco. Melco, in turn, was majority held by Melco International Development Limited (“**Melco International**”), a Hong Kong-listed company, and Crown Resorts Limited (“**Crown**”), an Australian-listed corporation through their respective subsidiaries.

In May 2016, as a result of the completion of the shares repurchase by Melco from a subsidiary of Crown, followed by cancellation of such shares and with certain changes in the composition of the board of directors of Melco, Melco International became the Company’s ultimate holding company and Melco became one of the Company’s intermediate holding companies.

In February 2017, Melco International completed the further acquisition of shares of Melco from Crown and as a result, Melco International became the sole majority shareholder of Melco and the Company’s ultimate holding company for all purposes.

On February 1, 2017, the Board of Directors of the Company approved the change of the Company’s name to Melco Resorts and Entertainment (Philippines) Corporation. Such change was also approved by the Company’s stockholders at the Special Stockholders’ Meeting on April 7, 2017 and by the Philippine Securities and Exchange Commission (the “**SEC**”) on May 19, 2017.

On April 7, 2017, the boards of directors and stockholders of MPHIL Holdings No. 1, MPHIL Holdings No. 2 and Melco Resorts Leisure, respectively, approved the change of their corporate names to the present ones. On May 25, 2017, the SEC approved the change of corporate names of MPHIL Holdings No. 1 and MPHIL Holdings No. 2 while the change of corporate name of Melco Resorts Leisure was approved by the SEC on May 30, 2017.

In the first quarter of 2020, the Philippines became affected by the recent outbreak of viral pneumonia caused by a coronavirus strain, later identified as the Covid-19, which prompted the President of the Philippines to declare a state of public health emergency throughout the country. Enhanced community quarantine was imposed from March 16, 2020 and was extended to May 15, 2020, which includes measures such as suspension of land, domestic air and domestic sea travel, strict home quarantine, limitation of foreign travel particularly from countries with Covid-19 cases, prohibition of mass gatherings, and suspension of non-essential work at various government and private offices. PAGCOR also suspended all land-based casino operations in Metro Manila for the duration of the enhanced community quarantine period which has significantly disrupted the operations of City of Dreams Manila. On May 12, 2020, the Philippine government announced the implementation of a modified enhanced community quarantine, which was scheduled to take effect from May 16, 2020 to May 31, 2020, and subsequently further announced the implementation of a general community quarantine in Metro Manila from June 1, 2020 which was extended until July 31, 2020. In June 2020, City of Dreams Manila was allowed by PAGCOR to undertake a dry run/trial run of its gaming and hospitality operations with only a limited number of participants strictly adhering to the new guidelines on social distancing and hygiene and sanitation procedures imposed by the Philippine government. The PAGCOR- sanctioned dry run/trial run aimed to address all potential operational concerns to achieve a seamless reopening for City of Dreams Manila. However, on August 3, 2020, the President of the Philippines reimposed a modified enhanced community quarantine in Metro Manila until August 18, 2020 due to the rising number of Covid-19 cases. During the period of the quarantine, our casino gaming operations continue to remain closed.

City of Dreams Manila had its grand opening on February 2, 2015. This integrated casino resort at Entertainment City, Manila Bay, Manila, is solely operated and managed by Melco Resorts Leisure. The dynamic and innovative resort complex, located on an approximately 6.2 hectare site at the gateway to Entertainment City, includes entertainment, hotel, retail, dining and lifestyle experiences with aggregate gaming space, including VIP and mass market gaming facilities with up to approximately 380 gaming tables, 1,700 slot machines and 1,700 electronic table games. For the three months ended June 30, 2020, City of Dreams Manila had an average number of 301 gaming tables, 1,966 slot machines and 307 electronic table games in operation. The integrated resort features distinctive entertainment venues, namely, DreamPlay by DreamWorks, Manila's first branded family entertainment center; Centerplay, a live performance central lounge inside the casino; and the two facilities introduced in the latter part of 2018: the VR Zone and K-Golf. The VR Zone is housed at The Garage, a food park with carefully curated selections of food and beverage trucks and trailers set in a comfortable, air-conditioned space located at the upper ground floor. K-Golf is an indoor golf simulator with state of the art technology that features some of the most popular golf courses around the world in 3D graphics. Both are located at the Upper Ground level. Until they closed in October 2018 to give way to their conversion as a luxurious gaming space, Chaos was a dynamic night club that offered entertainment by live bands and world-class DJs and Pangaea was an ultra-gaming lounge that offered world-class gaming and an exclusive bar. Both are now encapsulated within the Fortune Egg, a domelike structure accented with creative external lighting, which is a centerpiece attraction of the property.

City of Dreams Manila also includes an approximately 260 room Nüwa Hotel Manila ("**Nüwa Manila**"), a 365 room Hyatt City of Dreams Manila, which was rebranded as Hyatt Regency, City of Dreams Manila ("**Hyatt Regency**"), and Asia's first Nobu Hotel Manila ("**Nobu Manila**") with 321 rooms. Nüwa Manila is designed to cater to the premium end of the market in Manila. Hyatt Regency is a modern and international full service hotel and leverages Hyatt's international experience and knowledge in the operation of full service hotels throughout the world. Nobu Manila offers a fusion of laid-back luxury and exclusive guestroom and spa services.

City of Dreams Manila delivers a distinct entertainment and hospitality experience in the Philippines and will ultimately play a key role in strengthening the depth and diversity of Manila's leisure, business and tourism offerings, enhancing its growing position as one of Asia's premier leisure destinations. It has been developed to specifically meet the needs of the large, rapidly growing and increasingly diverse audience of leisure and entertainment seekers both in the Philippines and those visiting Manila from across the Asia region and around the world.

Subsidiaries of MRP

As of June 30, 2020 and December 31, 2019, MRP's wholly-owned subsidiaries comprise the MPHIL Holdings Group. MPHIL Holdings No. 1, MPHIL Holdings No. 2 and Melco Resorts Leisure all of which are incorporated in the Philippines and registered with the SEC. The primary purposes of MPHIL Holdings No. 1 and MPHIL Holdings No. 2 are investment holding and the primary purpose of Melco Resorts Leisure is to develop and operate tourist facilities, including hotel casino entertainment complexes with hotel, retail and amusement areas and themed development components and to engage in casino gaming activities.

Activities of MPHIL Holdings Group

On July 5, 2012, Melco, through its indirect subsidiary, entered into a memorandum of agreement (the "**MOA**") with SMIC and certain of its subsidiaries (the "**SM Group**"), Belle and PLAI for the development of City of Dreams Manila. Further to the MOA, on October 25, 2012, the MPHIL Holdings Group entered into a cooperation agreement (the "**Cooperation Agreement**") and other related arrangements with the SM Group, Belle and PLAI. Melco Resorts Leisure also entered into a lease agreement on October 25, 2012 with Belle for the lease of the land and buildings for City of Dreams Manila (the "**Lease Agreement**").

On March 13, 2013, the Cooperation Agreement and the Lease Agreement became effective upon the completion of the closing arrangement conditions, with minor changes to the original terms (except for certain provisions in the Cooperation Agreement which were effective on signing). In addition, the MPHIL Holdings Group and the Philippine Parties entered into an operating agreement on March 13, 2013 pursuant to which Melco Resorts Leisure was granted the exclusive right to manage, operate and control City of Dreams Manila (the "**Operating Agreement**").

On December 19, 2013, Melco Resorts Leisure priced its ₱15 billion aggregate principal amount of Senior Notes at par, with a maturity date of January 24, 2019 (the "**Senior Notes**"). The issuance of the Senior Notes was completed on January 24, 2014. The net proceeds from the issuance of Senior Notes were used to fund the City of Dreams Manila project, refinance debt and general corporate purposes. On October 9, 2017, Melco Resorts Leisure partially redeemed the Senior Notes in an aggregate principal amount of ₱7.5 billion, together with accrued interest. On August 31, 2018, Melco Resorts Leisure again made a partial redemption together with accrued interest on the Senior Notes in an aggregate principal amount of ₱5.5 billion. On December 28, 2018, Melco Resorts Leisure completed the redemption of the remaining outstanding balance of the Senior Notes in the aggregate principal amount of ₱2 billion.

PAGCOR issued a Regular License dated April 29, 2015 to replace the provisional license ("**Provisional License**") to the Licensees for the operation of City of Dreams Manila. This Regular License has the same terms and conditions as the Provisional License and is valid until July 11, 2033.

On October 31, 2018, MCO (Philippines) Investments Limited ("**MCO Investments**") conducted a voluntary tender offer ("**Tender Offer**") for up to One Billion Five Hundred Sixty Nine Million Seven Hundred Eighty Six Thousand Seven Hundred Sixty Eight (1,569,786,768) outstanding common shares of the Company held by the public, at a price of ₱7.25 per share, for the purpose of increasing and consolidating its interests in MRP.

The Tender Offer ended on November 29, 2018 and the total tendered shares, amounting to 1,338,477,668 common shares of MRP, were crossed (the "**Cross Transaction**") over the facilities of the Philippine Stock Exchange ("**PSE**") on December 10, 2018. An additional 107,475,300 shares were acquired by MCO Investments from December 6, 2018 until December 10, 2018 when trading of MRP shares were automatically suspended by the PSE after the Cross Transaction. As a result, MCO Investments became the owner, directly and indirectly through MPHIL Corporation, formerly MCE (Philippines) Investments No.2 Corporation, ("**MPHIL**"), of a total of 5,570,233,532 common shares of MRP as of December 10, 2018.

Upon the conclusion of the Tender Offer, MRP's public ownership level fall below the 10% required threshold under the Minimum Public Ownership Rules of the PSE. As a result, the trading of MRP shares was suspended by the PSE on December 10, 2018.

Since MRP's public ownership has remained below the 10% required threshold for a period of six (6) months beginning on December 10, 2018, MRP was automatically delisted from the PSE on June 11, 2019 (the "**Delisting**").

In consideration of the Delisting, in May 2019 MRP retired all outstanding awards under its Share Incentive Plan, including unvested restricted shares, unvested share options and vested but unexercised share options, by the payment of cash to the affected grantees.

On April 24, 2019, the Boards of Directors of the Group approved a proposal to implement an equity restructuring for the purpose of eliminating the aggregated accumulated deficit for the Group of approximately ₱15,709,963,000 as of December 31, 2018 by applying the additional paid-in capital against the accumulated deficits of each of the companies under the Group. This proposal was approved by the SEC on October 15, 2019.

On June 24, 2019, at the Annual Stockholders Meeting of MRP, the stockholders of the Corporation approved a further amendment to the Amended Articles of Incorporation of MRP to increase the par value of its shares from ₱1.00 per share to ₱500,000.00 per share (“**Reverse Stock Split**”). The Reverse Stock Split was approved by the SEC on May 12, 2020. Following the Reverse Stock Split, on June 17, 2020, MRP filed with the SEC a Petition for Voluntary Revocation of Order of Registration and Permit to Sell Securities to the Public and Exemption from Reportorial Requirements under the Securities Regulations Code (the “**Petition**”). The Petition is currently pending the approval of the SEC.

As of June 30, 2020, Melco, through its subsidiaries, MCO Investments and MPHIL, held an indirect ownership in MRP of 97.92%.

In connection with the outbreak of the coronavirus (Covid-19) in the first quarter of 2020, severe travel restrictions, temporary business closures and other prohibitions have been imposed by the Philippines and other countries throughout the world, which has significantly disrupted the Group's operations. On March 12, 2020, Metro Manila was placed under an enhanced community quarantine by the government of the Philippines from March 16, 2020, which has since been extended to May 31, 2020 under a modified enhanced community quarantine, which has been further extended to July 31, 2020 under a general community quarantine. In view of this, PAGCOR ordered the suspension of all land-based casino operations in Metro Manila, which includes City of Dreams Manila, for the duration of the quarantine period. In June 2020, City of Dreams Manila was allowed by PAGCOR to undertake a dry run/trial run of its gaming and hospitality operations with only a limited number of participants strictly adhering to the new guidelines on social distancing and hygiene and sanitation procedures imposed by the government of the Philippines. The PAGCOR-sanctioned dry run/trial run aims to address all potential operational concerns to achieve a seamless reopening for City of Dreams Manila. However, on August 3, 2020, the President of the Philippines reimposed a modified enhanced community quarantine in Metro Manila until August 18, 2020 due to the rising number of Covid-19 cases and the dry run/trial run was halted. The Covid-19 outbreak and the related events have also caused severe disruptions to the Group's resort tenants and other business partners, which may increase the risk of these entities defaulting on their contractual obligations with the Group. The disruptions to the Group's business had material adverse effects on its financial condition and operations for the six months ended June 30, 2020. As the disruptions are ongoing, such adverse effects have continued beyond the second quarter of 2020 and may worsen. The Group is unable to reasonably estimate the financial impact to the Group's future results of operations, cash flows and financial condition due to uncertainties surrounding the business closures, travel restrictions and other events related to the Covid-19 outbreak.

Our management uses Adjusted EBITDA to measure the operating performance of City of Dreams Manila, and to compare the operating performance of our property with those of our competitors. Adjusted EBITDA is also presented as a supplemental disclosure because management believes it is widely used to measure performance and as a basis for valuation of gaming companies. Our management also uses Adjusted EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported similar measures as a supplement to financial measures in accordance with generally accepted accounting principles. However, Adjusted EBITDA should not be considered in isolation, construed as an alternative to profit or operating profit, treated as an indicator of our PFRS operating performance, other operating operations or cash flow data, or interpreted as an alternative to cash flow as a measure of liquidity. Adjusted EBITDA presented in this quarterly report may not be comparable to other similarly titled measures of other companies operating in the gaming or other business sectors. While our management believes these figures may provide useful additional information to investors when considered in conjunction with our financial statements and other information in this quarterly report, less reliance should be placed on Adjusted EBITDA as a measure in assessing our overall financial performance.

Current assets

Cash and cash equivalents decreased by ₱2,690.5 million primarily due to operating cash outflows, payments made for capital expenditures and payments of lease liabilities. Refer below to "Liquidity and Capital Sources" for cash flow analysis for the six months ended June 30, 2020.

Restricted cash represents an escrow account that is restricted for government required foundation fees payable in accordance with the terms of the Regular License. The decrease primarily represented the release of funds to foundation projects, partially offset by contributions made during the period.

Accounts receivable, net, primarily attributable to casino, hotels and other receivables, decreased by ₱744.7 million, primarily from decreased casino receivables and an increase in allowances for doubtful debts. Refer to Note 5 to the unaudited condensed consolidated financial statements for the details of accounts receivable as of June 30, 2020.

Inventories of ₱379.2 million mainly consisted of gaming inventories, retail merchandise, food and beverage items and certain operating supplies. The increase was mainly due to more gaming inventories and general inventories held during the current period, partially offset by the consumption of promotional inventories, food and beverage inventories and retail merchandise and tobacco inventories during the current period.

Prepayments and other current assets increased by ₱381.7 million, mainly due to increases in prepaid payments to the Philippine Parties of ₱305.7 million and prepaid office and administrative expenses of ₱55.1 million. Refer to Note 6 to the unaudited condensed consolidated financial statements for details.

Non-current assets

Property and equipment, net, decreased by ₱1,087.8 million, mainly due to (i) depreciation of ₱1,337.6 million for the period which was partially offset by (ii) additions to property and equipment of ₱256.4 million.

Right-of-use assets, net, decreased by ₱306.3 million, mainly due to depreciation charges of ₱388.5 million, partially offset by additions of ₱82.3 million for the six months ended June 30, 2020. Refer to Note 16 to the unaudited condensed consolidated financial statements for details.

Contract acquisition costs, net, decreased by ₱26.0 million, solely due to amortization charges for the six months ended June 30, 2020.

Other non-current assets increased by ₱128.1 million, due to increases in (i) deposits for acquisitions of property and equipment of ₱108.8 million; (ii) security and rental deposits of ₱20.2 million which was partially offset by (iii) decrease in other non-current assets and deposits of ₱0.9 million. Refer to Note 8 to the unaudited condensed consolidated financial statements for details.

Current liabilities

Accounts payable of ₱27.4 million represented payables to suppliers for products and services such as playing cards and marketing. The decrease in the balance was due to settlements made to suppliers during the period.

Accrued expenses, other payables and other current liabilities decreased by ₱2,323.3 million, mainly related to (i) decreases in accruals for gaming tax and license fees of ₱678.0 million as a result of disrupted operations and (ii) a net decrease in outstanding gaming chips and tokens and advance customer deposits and ticket sales of ₱930.9 million primarily due to the temporary casino closure which resulted in players returning their chips; (iii) decrease in employee benefit expenses of ₱429.2 million. Refer to Note 9 to the unaudited condensed consolidated financial statements for details.

Current portion of lease liabilities represented lease payments due within one year. The increase of ₱712.3 million during the period was mainly due to recurring interest expenses and additions for the period, offset by payments made during the period. Refer to Note 16 to the unaudited condensed consolidated financial statements for details.

Amounts due to related parties increased by ₱607.0 million mainly as a result of management fees and trademark license fees recharged from affiliated companies during the period. Refer to Note 13 to the unaudited condensed consolidated financial statements for details of related party transactions for the six months ended June 30, 2020.

Non-current liabilities

Non-current portion of lease liabilities represented lease payments due beyond one year. The decrease of ₱164.2 million during the period was mainly due to the reclassification of lease liabilities to current liabilities at the end of the reporting period. Refer to Note 16 to the unaudited condensed consolidated financial statements for details.

Retirement liabilities increased by ₱27.3 million primarily due to such service costs recognized during the period.

Other non-current liabilities represented retail tenant deposits and other liabilities which are due beyond one year. The decrease was primarily due to the reclassification of accrued liabilities associated with cash-settled share options and restricted shares to current liabilities during the reporting period.

Deferred tax liability, net, mainly represented deferred tax charges on net unrealized foreign exchange gains. The decrease was primarily due to the deferred tax credit made during the period.

Equity

Capital stock remained unchanged as of June 30, 2020 and December 31, 2019.

Additional paid-in capital and share-based compensation reserve increased by ₱2.0 million and ₱9.1 million, respectively, solely due to the recognition of share-based payment expenses during the six months ended June 30, 2020.

The equity reserve consisted of the net difference between the cost of MRP to acquire MPHIL Holdings Group and the legal capital of the latter at the date of the reverse acquisition, plus the retained earnings of MRP as of December 19, 2012, the date when MRP was acquired by Melco. The amount remained unchanged as of June 30, 2020 as compared to December 31, 2019.

The deficit increased by ₱2,928.4 million to ₱17,455.4 million as of June 30, 2020, from ₱14,527.0 million as of December 31, 2019, which was solely due to the net loss of ₱2,928.4 million recognized during the six months ended June 30, 2020.

Other Financing and Liquidity Matters

We may obtain financing in the form of, among other things, equity or debt, including additional bank loans or high yield, mezzanine or other debt, or rely on our operating cash flows to fund the operations of City of Dreams Manila. We are a growing company with significant financial needs. We expect to have additional capital expenditures in the future as we continue to develop City of Dreams Manila.

We have relied and intend in the future to rely on our operating cash flows and different forms of financing to meet our funding needs, as the case may be.

The timing of any future debt and/or equity financing activities will be dependent on our funding needs, the availability of funds on terms acceptable to us, and prevailing market conditions. We may carry out activities from time to time to strengthen our financial position and ability to better fund our business expansion. Such activities may include monetizing assets, issuance of stock, sale and lease-back transactions or other similar activities.

Any other future developments may be subject to further financing and a number of other factors many of which are beyond our control.

As of June 30, 2020, we had a shareholder loan facility of US\$340 million (equivalent to ₱16.9 billion) and a bank credit facility of ₱2,350 million which remain available for future drawdowns, subject to certain conditions precedent.

As of June 30, 2020, we had capital commitments contracted for, but not provided, mainly for the acquisitions of property and equipment for City of Dreams Manila totaling ₱561.6 million.

There were no material off-balance sheet transactions, arrangements, obligations or other relationships of the Group with unconsolidated entities or other persons that the Group is aware of during the reporting period.

MELCO RESORTS AND ENTERTAINMENT (PHILIPPINES) CORPORATION AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(In thousands of Philippine peso, except share and per share data)

1. Organization and Business

(a) Company Information

Melco Resorts and Entertainment (Philippines) Corporation (herein referred to as “MRP” or the “Parent Company”) is incorporated in the Philippines and registered with the Philippine Securities and Exchange Commission (the “SEC”).

The Parent Company together with its subsidiaries (collectively referred to as the “Group”) is a developer, owner and operator of casino gaming and entertainment resort facilities in the Philippines. The Group currently operates and manages City of Dreams Manila, a casino, hotel, retail and entertainment integrated resort in the Entertainment City complex in Manila.

The Parent Company’s principal place of business is the Philippines and its registered office address is Asean Avenue cor. Roxas Boulevard, Brgy. Tambo, Parañaque City 1701.

As of June 30, 2020 and December 31, 2019, the Parent Company’s ultimate holding company is Melco International Development Limited (“Melco International”), a company incorporated in the Hong Kong Special Administrative Region of the People’s Republic of China and listed on the main board of The Stock Exchange of Hong Kong Limited.

As of June 30, 2020 and December 31, 2019, the immediate holding company of the Parent Company is MCO (Philippines) Investments Limited, a company incorporated in the British Virgin Islands.

(b) Recent Developments Related to Covid-19

In connection with the outbreak of the coronavirus (Covid-19) in the first quarter of 2020, severe travel restrictions, temporary business closures and other prohibitions have been imposed by the Philippines and other countries throughout the world, which has significantly disrupted the Group’s operations. On March 12, 2020, Metro Manila was placed under an enhanced community quarantine by the government of the Philippines from March 16, 2020, which has since been extended to May 31, 2020 under a modified enhanced community quarantine, and has been further extended to July 31, 2020 under a general community quarantine. In view of this, the Philippine Amusement and Gaming Corporation (“PAGCOR”) ordered the suspension of all land-based casino operations in Metro Manila, which includes City of Dreams Manila, for the duration of the quarantine period. In June 2020, City of Dreams Manila was allowed by PAGCOR to undertake a dry run/trial run of its gaming and hospitality operations with only a limited number of participants strictly adhering to the new guidelines on social distancing and hygiene and sanitation procedures imposed by the government of the Philippines. The PAGCOR-sanctioned dry run/trial run aimed to address all potential operational concerns to achieve a seamless reopening for City of Dreams Manila. However, on August 3, 2020, the President of the Philippines reimposed a modified enhanced community quarantine in Metro Manila until August 18, 2020 due to the rising number of Covid-19 cases and the dry run/trial run was halted.

MELCO RESORTS AND ENTERTAINMENT (PHILIPPINES) CORPORATION AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – continued

(In thousands of Philippine peso, except share and per share data)

1. Organization and Business – continued

(b) Recent Developments Related to Covid-19 – continued

The Covid-19 outbreak and the related events have also caused severe disruptions to the Group's resort tenants and other business partners, which may increase the risk of these entities defaulting on their contractual obligations with the Group. The disruptions to the Group's business had material adverse effects on its financial condition and operations for the six months ended June 30, 2020 and, in particular, in the second quarter. As the disruptions are ongoing, such adverse effects have continued beyond the second quarter of 2020 and may worsen. The Group is unable to reasonably estimate the financial impact to the Group's future results of operations, cash flows and financial condition due to uncertainties surrounding the business closures, travel restrictions and other events related to the Covid-19 outbreak.

The Group has taken various mitigating measures to manage through the current Covid-19 outbreak challenges, such as implementing a cost reduction program to minimize cash outflow of non-essential items and rationalizing the Group's capital expenditure program with deferrals and reductions. As of June 30, 2020, the Group had total cash and cash equivalents of ₱9,240,777 and available borrowing capacity under the Shareholder Loan Facility in an aggregate amount of up to US\$340,000,000 (equivalent to ₱16,949,153) and the Credit Facility of ₱2,350,000, subject to satisfaction of certain conditions precedent.

Given the Group's liquidity position at June 30, 2020 and various mitigating measures taken subsequent to June 30, 2020, the Group believes it is able to support continuing operations and capital expenditures in the following 12 months.

2. Basis of Preparation

The Group's unaudited condensed consolidated financial statements have been prepared in conformity with Philippine Accounting Standard ("PAS") 34, *Interim Financial Reporting*.

The unaudited condensed consolidated financial statements have been prepared under the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The unaudited condensed consolidated financial statements are presented in Philippine peso, the functional and presentation currency of the Parent Company and its subsidiaries. All values are rounded off to the nearest thousand, unless otherwise indicated.

The Group's unaudited condensed consolidated financial statements as of June 30, 2020 do not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's audited consolidated financial statements as of December 31, 2019. In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, which are of a normal recurring nature, necessary for a fair presentation of financial results of such periods.

MELCO RESORTS AND ENTERTAINMENT (PHILIPPINES) CORPORATION AND SUBSIDIARIES**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – continued****(In thousands of Philippine peso, except share and per share data)****2. Basis of Preparation – continued**

In preparing the Group's unaudited condensed consolidated financial statements as of June 30, 2020, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Group's audited consolidated financial statements as of December 31, 2019.

Reclassifications

The unaudited condensed consolidated financial statements for prior period reflect certain reclassifications, which have no effect on previously reported net profit, to conform to the current period presentation.

3. Accounting Policies Effective for the Period and Future Changes in Accounting Policies

The accounting policies adopted in the preparation of the unaudited condensed consolidated financial statements are consistent with those of the previous financial year/period except for adoption of the following new and amended Philippine Financial Reporting Standards ("PFRSs") as of January 1, 2020. The adoption of these new and amended PFRSs had no material impact on the unaudited condensed consolidated financial statements.

- Amendments to PFRS 3, *Definition of a Business*
- Amendments to PAS 1, *Presentation of Financial Statements*, and PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors, Definition of Material*
- Amendments to PFRS 16, *Covid-19-related Rent Concessions*
- **Amendments to PFRS 16, *Covid-19-related Rent Concessions***
 - The amendments provide relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the Covid-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:
 - The rent concession is a direct consequence of Covid-19;
 - The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
 - Any reduction in lease payments affects only payments originally due on or before June 30, 2021; and
 - There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the Covid-19-related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendments are effective for annual reporting periods beginning on or after June 1, 2020, with early adoption permitted.

The Group early adopted the amendments on January 1, 2020 but no rent concessions were given by the lessors for the six months ended June 30, 2020. Accordingly, the adoption of the amendments did not have any impact on the unaudited condensed consolidated financial statements.

10. Equity – continued

On April 24, 2019 and June 24, 2019, the Board of Directors and the stockholders of the Parent Company approved an amendment to the Amended Articles of Incorporation of MRP, respectively, whereby, without changing the total amount of the authorized capital stock, the par value per ordinary share was increased from ₱1 per share to ₱500,000 per share, thereby decreasing the total number of ordinary shares on a pro-rata basis (“Reverse Stock Split”). The Reverse Stock Split was approved by the SEC on May 12, 2020.

As a result of the Reverse Stock Split, only those stockholders of MRP who originally owned 500,000 ordinary shares with a par value of ₱1 per share (each an “Original Share”) and in multiples thereof immediately prior to the Reverse Stock Split would now own whole shares (each a “MRP Whole Share”) of stock of MRP. Other holders of the Original Shares may now hold a fractional share of MRP (“MRP Fractional Share”).

To facilitate the elimination of MRP Fractional Shares held by other stockholders of MRP, MPHIL Corporation (“MPHIL”), a stockholder of MRP, offers to purchase the resulting MRP Fractional Share at the purchase price to be calculated by multiplying the number of Original Shares represented by the relevant MRP Fractional Share (which is equal to the number of Original Shares held by the relevant stockholder immediately prior to the Reverse Stock Split) by the price of ₱7.25 per Original Share (“Fractional Share Elimination Plan”). A stockholder may also sell any MRP Whole Shares to MPHIL under the Fractional Share Elimination Plan. Any holder of MRP Fractional Share and/or MRP Whole Share may accept this offer during the two-year period commencing from June 5, 2020.

Following the Reverse Stock Split, MRP currently has less than 200 stockholders holding at least 100 shares each. On June 17, 2020, MRP filed with the SEC a petition for Voluntary Revocation of Order of Registration and Permit to Sell Securities to the Public and Exemption from Reportorial Requirements under the Securities Regulations Code (the “Petition”). The Petition is subject to the approval of the SEC.

As of June 30, 2020 and December 31, 2019, the Parent Company had 41 stockholders (representing stockholders of MRP Whole Shares after the Reverse Stock Split) and 2,201 stockholders, respectively.

Share Options

For the six months ended June 30, 2020, the exercise price for share options granted under the Melco Share Incentive Plan was determined at the market closing price of Melco's American depositary shares ("ADS") trading on the Nasdaq Global Select Market on the date of grant. These share options became exercisable over vesting periods of three years. The share options granted expire 10 years from the date of grant.

Melco uses the Black-Scholes valuation model to determine the estimated fair value for each share option granted, with highly subjective assumptions, changes in which could materially affect the estimated fair value. Dividend yield is based on the estimate of annual dividends expected to be paid at the time of grant. Expected volatility is based on the historical volatility of Melco's ADS trading on the Nasdaq Global Select Market. Expected term is based upon the vesting term or the historical expected term of publicly traded companies. The risk-free interest rate is based on the United States of America Treasury yield curve at the time of grant for the period equal to the expected term.

The fair values of share options granted under the Melco Share Incentive Plan were estimated on the date of grant using the following weighted average assumptions as follows:

	Six Months Ended June 30, 2020
Expected dividend yield	3.10%
Expected stock price volatility	43.50%
Risk-free interest rate	0.43%
Expected average term (years)	5.6
Weighted average share price per share (US\$)	4.13
Weighted average exercise price per share (US\$)	4.13
Weighted average fair value per share option (US\$)	1.21
